Pete H (vox/gtr) IEM + WEDGE

Pete D (vox/gtr) IEM + WEDGE

Toby (bass) IEM

Bob (keys) WEDGE

Alex (sax) WEDGE

Sean (drums) SUB + WEDGE

PRODUCTION/SOUND NOTES:**DRUMS:**

- IF using gates please note the music is very dynamic and please be gentle with them.
- Please mic/pan ROTO TOMS stereo and add reverb to FOH.
- 'Pancake' drum is a subsonic effect. Best mic'd w/ large diaphragm kick mic from below and shelve highs to diminish attack.
- OHL/OHR* are at your discretion... may not be needed for smaller rooms, etc.

VOCALS:

- ALL vocalists request boom mic stands.
- Please provide reverb on all vocalists IEMs/Monitors.
- 4 WEDGES across the front (Paige/Teal, PH, PD, Alex) in addition to IEMs.
- Note that PD may not use IEMs.
- Note that Teal and Paige are sharing a WEDGE and may opt to not use it.

SOUNDCHECK:

- Ideally the band would prefer to soundcheck in approximate order of input list (Drums, Bass, Keys L, GTR L, GTR R, Keys/MPC/Sax, Vox) WITH THE EXCEPTION of checking ACOUSTICS and TALKBOX last.

All that said we respect your process and will happily defer to your needs, just let us know... THANKS!

ADDITIONAL PRODUCTION:

- The band may want to bring in additional risers/staging and/or supplemental lights.
- The band may work with an outside vendor to provide specific visual displays (ie. lasers, liquid lights, video mapping).

In either case we will contact the venue for approval and other logistical needs. Additionally if the venue would like to have a specific visual display, please reach out to the band to discuss...

PETE FLOYD Hospitality Rider

Green Room
